Revised Emission Norms for Vehicles

907. SHRI GYAN RANJAN: Will the Minister of SURFACE TRANSPORT be pleased to state:

(a) whether Government have decided to issue the revised emission norms for vehicles to be manufactured on or after 1 st April, 2000, if so, the reasons therefor;

(b) what are the proposed revised emission norms in respect of different categories of vehicles;

(c) whether some auto-manufacturers have raised objections in the regard, if so, the details thereof and the steps proposed to be taken in this regard; and

(d) whether suggestions made by different auto-manufacturers in response to the draft rules notified by Government have been evaluated and if so, the details thereof?

THE MINISTER OF SURFACE TRANSPORT (SHRI T.G. VENKATRAMAN): (a) and (b) Yes, Sir. As a part of the process to control vehicular pollution, this Ministry has issued the revised emission norms for different categories of vehicles to be manufactured on or after 1.4.2000 vide Notification GSR No. 493 (E) dated 28.8.1997.

(c) and (d) Some of the auto manufacturers have raised certain objections/suggestions, which are as follows:—

(i) Separate category for- diesel 2/3 wheelers:

(ii) Classification of 4 wheeler petrol vehicles in 3 different reference mass categories (with relaxed emission norms for higher reference mass category);

(iii) Specifications of reference fuel for 2000 emission norms;

(iv) Particulate Matter (PM) Norms for diesel vehicles with GVW exceeding 3.5 tons for the year 2000.

(v) Deterioration factor for vehicles fitted with catalytic converter.

The above objections/suggestions raised by the automobile manufacturers were discussed in the meeting of Standing Committee on Implementation of Emission Legislation set up by this Ministry, on 31.5.1997. In this meeting, the representatives from the automobile manufactuers who have raised the above objections also participated in the discussions. Accordingly, discussions were held on each and every issue and necessary clarifications were given to the automobile manufacturers after appropriate evaluation of the suggestions made by the automobile manufacturers.
